Summer Transition Academy Volunteers

The Summer Transitions Academy at Denfeld High School is a program that helps students entering 9th grade gain confidence and comfort as they transition into the High School Experience. We are looking for 5 Volunteers that are interested in Phy Ed activities, examples ranging from canoeing, ballroom dancing, yoga and many more physical activities. We are also looking for volunteers who are interested in leading Civics lessons, the social science dealing with the rights and duties of citizens.

This program has been designed to help staff, volunteers, and students engage with one another, identify goals and reach outcomes so at the beginning of the new school year there is an understanding of what's going on, a sense of comfort, and respect between both the staff and students. Having volunteers involved and becoming a part of the process is an important part of the students' learning and we look forward to working with interested volunteers. Our volunteers really allow these programs to be successful. Thank you for your support.

Our goals/ outcomes:

- Increased confidence of Denfeld High School Students
- Identify interests and have the ability to set goals for the school year
- Students' ability to network and gain skills that encourage them to start highschool as leaders.
- Feeling academically ready for freshman year
- Understanding how to do things as a student
- The ability to ask questions confidently and work through problems successfully.

So far, this program has been successful in prior years and has increased student engagement!
