DASH Tutor Volunteers

Tutor students after school at Denfeld High School! DASH

As a volunteer, you will support us in providing DASH (Denfeld After School Happenings), a safe space after school for high schoolers. DASH provides a safe space to study, access tutors, and participate in recreation.

DASH typically runs Monday- Thursday from 3:25 to 5:30 pm. We especially prefer tutors who can consistently attend DASH one or more times per week. This is important because tutoring is most beneficial to students when they see the same tutors every week and can build relationships with those tutors.

Volunteers are supervised by the Denfeld Full-Service Community School Coordinator.

Tutors for all subject areas are welcome! Math and chemistry are especially desired. You do not need tutoring experience to volunteer with us, and even coaching on basic problem solving and organizational skills are beneficial to our students. You don't have to consider yourself "smart" to help students- caring adults who are willing to try, motivate, and to learn alongside our students are welcome.

Volunteer commitments:

- Show up in-person for the students (ideally weekly)
- Follow program expectations
- Submit to a background check
- Personal commitment to anti-racism and the mission, goals, and philosophy of the Duluth Community School Collaborative

Given the risk of exposure to COVID-19 in school environments, vaccination against COVID-19 is strongly recommended.
